2010 MHS Conference AFMS Breakout Session PACAF Update

***Col Jim McClain
PACAF/SG2***

27 Jan 2011

U.S. AIR FORCE

Status of 2010 Hot Topics & Priority Initiatives

■ Patient Centered Care and Support to MTFs:

- Highest IMR compliance rate; FHI at multiple MTFs; 3 Joint MICARE, In-place CCATTs; Hickam AE ground move

■ Improving IT/Technological Solutions for PACAF Medics:

- CITRIX Thin Client Implementation; Improved Telerad and AHLTA latency/stability; AHLTA functionality still challenging, ESD w/ 747 Comm Sq; Improved remote access (VPN)

■ Active/Synchronized Medical Engagement in the Region:

- PACOM-Component engagement; Improved TSC and Pacific CSP; HARI PACIFIC ANGEL; IHS & other engagement; AE; Partnership building; JMAI Course

■ Korea Normalization:

- Phase I Growth; Med support before CSPs; MILCON slip; re-compete FY14/15 CIDM

■ TOP Contract Implementation:

- Smooth Implementation; Low unexpected referrals; No network Out"

■ Fitness Program Implementation:

- Overall Smooth Transition; MTFs effectively managing additional workload

Integrity - Service - Excellence

2011 Issues & Initiatives

U.S. AIR FORCE

■ Quadruple Aim Focus:

- Korea Reporting Instructions; Peds medical home; Theater case mgmt ; cont Teleradiology improvements; Medical clearances oversight

■ Active/Synchronized Medical Engagement in the Region:

- Cont PACOM-Component engagement; Improved TSC and Pacific CSP; HARRT, PACIFIC ANGEL; IHS & other engagement; AE; Partnership building; JMATT Course expansion; Aussie physician coming on 13 AF staff

■ Improving IT/Technological Solutions:

- MHS Network Protection Suite Implementation
Teleradiology server virtualization

■ Airman Resiliency:

- Work w/ A1 to Develop/Implement PACAF Program; Unique solutions

■ Gaining Efficiencies at all levels for Increased Mission Success:

- Leveraging AFSO21 initiatives at every opportunity
